SPONSOR FEEDBACK

“For all of us at Roger Williams University, getting involved in the celebration offers a number of benefits. Whether it’s building a float, working with the committee or partnering on the Ball, our students and staff always look forward to participating. Furthermore, it’s one of the key ways the University reaches out to the community at large. The celebration is and will remain an important consideration as we continually investigate the most effective ways for the University to invest in the community.”

SPONSOR FEEDBACK

“When I sponsored the Miss 4th of July Float and the Aerial Photo for the committee the return on my investment in new business and PR was exceptional. I would say the increase was at least 20% and definitely more brand awareness as a result. People want to support businesses that support local events.

I would highly recommend, to other potential sponsors, the 4th of July Celebration as a great marketing tool. It’s a perfect venue to get more bang for your buck.”
