Thanks to all for making last year a safe and exciting race. Remember that control of your vehicle is more important than speed. Bearings that limit the speed for younger drivers are a smart choice.

We will be inspecting for good brakes and no additional weight added.

We will continue using elbow pads and gloves.

The course finish line will have a 200 ft runout area

Drivers, please inspect the finish line area prior to the race.

We are looking forward to good weather and a great race this year!
